Dear Betty,

Florida Power and Light Company (FPL) is very proud of the Sabal Palm Solar Energy Center and how it plays an important role in our 30-by-30 initiative which will make Florida a world leader in solar energy. FPL is fully aware of the proposed incorporation of the Village of Loxahatchee and that Sabal Palm Solar Energy Center is located within the proposed boundary of this new municipality. In the event that there's a referendum, FPL will not object to the Sabal Palm Solar Energy Center being a part of the new municipality should it come to fruition.

Sincerely,
